

## **REMARKS**

In response to the Interview Summary mailed March 2, 2010, the substance of the examiner's interview as set forth in the Interview Summary is correct.

The applicants have amended chemical structures in claim 34. In particular, the applicants have amended entry 169 in Table 3 to legibly show dimethylmethanaminium group as asked by the Examiner. Applicants have also redrawn entries 130-146, 149, 153, 155-157, 160, 166, 167, 169, 171, 179, 181-185, 187, and 190-193 to legibly show all chemical bonds (e.g., bonds between the methyl and nitrogen, oxygen, or sulfur atoms). No new matter has been introduced with these amendments.

Applicants respectfully request that the present amendments and remarks be entered and made of record in the instant application. Allowance of this patent application is respectfully requested. If the Examiner believes it to be helpful, the Examiner is invited to contact the undersigned representative by telephone at (312) 913-0001.

Respectfully submitted,
